**Chairperson**

The Chairperson will announce the agenda, sequence in which teams will introduce their papers and conduct the proceedings.

**Sequence of Events**

Each qualified team will be given **maximum** 8 minutes (uninterrupted) for **Introduction & explanation** of their paper. Teams may use a PowerPoint presentation for the same. Time overrun upto maximum 1 minute will not be negatively marked. However, negative marks will be given for time overrun more than 1 minute. At 11 minutes, the team would be stopped regardless. The introduction & explanation of paper will carry 10 marks.

Once the team finishes its introduction of the paper, the Chairperson of the session will open the floor for discussion. The balance qualified teams of the Campus can then proceed to present their views / interventions on the subject paper. The interventions should be clear, concise and focused on the Paper under discussion. The presenting team would also have an opportunity to respond to the comments / interventions by the other teams.

On completion of these proceedings for the first paper, the next Paper will be invited for Introduction by the Chair and the same process will be repeated for all qualified papers in that campus.

Once all scheduled papers have been introduced (alongwith the associated interventions), there will be a short break. Post break, the Chairperson will call the Session to order once again and summarize the session.

The Judges would be observing all the teams during these interactions and giving marks totaling upto 10 marks. Argumentative and unparliamentary approach in these discussions will carry negative marks and it is essential that participants maintain an attitude of respect to all.

Basis the scores, 1 team per category i.e. the best team in each category will move to the Inter Campus competition. In case of a tie. both the teams would move forward.

**Notes:**

1. Judges will be evaluating each team's participatory skills as the comments / interventions progress. How does the team work with other teams? Do they work to secure agreement and communicate clearly and persuasively ? Are they using yields to benefit allies ? Do they have a plan or strategy to obtain support for their policies ? Do they welcome contributions from others, listen as well as speak to other teams? Are they respectful of the contributions and ideas of other teams?
2. During Session 4 (Vizag Campus), there will be two short presentations by the Vizag Campus during the Break on the following topics:
  - a. Training need analysis for fishing vessels
  - b. Psychological factors and mental health of seafarers
3. The detailed procedure for Inter Campus round will be shared after the Intra Campus round.
