At the bottom, there are buttons for 'Finish', 'Clear Response', '< Prev', and 'Next >', with the 'Next >' button highlighted by a red box. A green 'Start Test' button is visible at the very bottom.

Navigate to other questions by pressing **Next** button and follow the steps mentioned in **Step 14 – Step 24** to upload the image of answer-sheets of the questions you are attempting.

Words of Caution

- ✓ Students are supposed to upload the image of answer sheets question wise, not all at once.
- ✓ Once you are done answering the question, Scan & Upload it before you navigate to other questions.
- ✓ While uploading the images from mobile, the answers by default uploaded to the question you have navigated through the Laptop.
- ✓ If you have 4 questions to answer, and you upload images of answer sheets of all 4 questions while you are on the 4th question in the laptop, then all the images will be uploaded into 4th question. Therefore, teacher evaluating 1st, 2nd and 3rd question will assign zero.

All the Best for your exam...
